

## **PAYNE HICKS BEACH CLIENTS STRIKE SAILING GOLD AGAIN**

Payne Hicks Beach clients Nick Dempsey and Paul Goodison, both long term clients of the firm, have won World championship gold medals.

Nick recently triumphed in the World Windsurfing Championships RS:X class in Weymouth. He valiantly overcame his 4th place defeat in Beijing to take the gold medal. Nick's performance throughout the championship was one of sheer class out performing his next nearest rival, Israeli Nimrod Mashiah by 18 points in the final medal race.

Paul has won the Laser Class Worlds in Halifax, Canada, beating fierce competition. He was the class Gold medal winner in Beijing and has since won every major international regatta.

Richard Butcher, Partner at Payne Hicks Beach and head of the sports practice said "We are delighted that Nick and Paul have won gold for Britain, and offered them our warmest congratulations. We are proud of our association with both Nick and Paul, as well as the rest of the British sailors, and look forward to our continued involvement through to London in three years time"
