

The 2016 Programme

We are delighted to invite you to the 2016 programme of events for ConTrA.

Last year we launched ConTrA as a new network for **Contentious Trusts Associates**, and the group has proved an effective forum to discuss experiences and share knowledge on issues affecting contentious trust practices today.

We thank you for your support in 2015 and look forward to welcoming both new and existing members to our forthcoming events throughout the year.
