

Wrap Up London 2017

18 December 2017

Payne Hicks Beach supported the 7th **Wrap Up London** coat collection campaign being run by Hands on London and William Blair.

Staff delivered their unwanted coats to their nearest station depot and, in addition, a total of 17 coats were collected at the office and dropped off at the firm's local station.

Wrap Up London's initiation was to collect old, unwanted coats to give them to charities that support the homeless, refugees, children living in poverty and people fleeing domestic violence (to name a few).

Thank you to all staff who kindly contributed their unwanted coats.
