

Christine Webb completes the Brighton Marathon 2016

26 April 2016

Many congratulations to Christine Webb who took part in the Brighton Marathon on 17 April 2016. Christine completed the 26 mile course in just less than 6 hours. She admits to not being a natural runner, more of a jogger (or a plodder!) but this does not stop Christine taking part in these challenges.

Christine has been raising money for Breast Cancer Kent which raises funds for medical research into the causes, detection, prevention and treatment of breast cancer, as well as the purchasing of equipment and resources.

If you would like to support Christine any contribution would be much appreciated. Please click here for Christine's Virgin Money giving page.
