

Ellen MacArthur Cancer Trust: Great South Run

21 October 2014

This year the Trust has taken 441 youngsters with cancer on sailing trips. This equates to just over 8% of young people suffering from cancer in the UK. The Trust has substantial expansion plans and wishes to double this number but that is very much dependent on funding. The Trust is the firm's national charity and two of our Trainees, Emily Gailey and Josh Moger competed in the 10 mile Great South Run in Portsmouth on Sunday 26 October 2014 raising funds for the EMCT. Your support of their efforts would be very much appreciated. You can donate on line:

Thank you very much for your support. It makes a very real difference.
