

Payne Hicks Beach supports Wrap Up London 2016

30 November 2016

Payne Hicks Beach once again supported Hands on London with their 6th Wrap up London coat collection campaign.

Every year the campaign collects unwanted coats and distributes them directly to refuge shelters for women and children who had fled domestic violence, the homeless, refugees and asylum seekers and the elderly. This year the charity aimed to collect at least 15,000 coats.

Coat collection points could be found at various underground stations, Safestore and CollectPlus locations, as well as many other law firms and offices throughout the Central London area.

We are pleased to announce that this year PHB collected 12 coats and jackets.
