

### Wrap Up London 2018

17 December 2018

The 8<sup>th</sup> Wrap Up London coat collection campaign run by Hands on London and William Blair took place in November 2018.

As in previous years, Wrap Up London collected old, unwanted coats and gave them to charities that support the homeless, refugees, children living in poverty and people fleeing domestic violence (to name a few). Helping keep vulnerable people warm this winter.

Payne Hicks Beach staff yet again supported this worthy campaign for the fourth year running. During November Payne Hicks Beach staff delivered their unwanted coats to their nearest station depot and, in addition, a total of 10 coats were collected at the office and dropped off at the firm's local station.

Thank you to all staff who kindly contributed their unwanted coats.
