

### **Payne Hicks Beach and Coram's Field's Charity: A Partnership - fundraising, supporting, mentoring**

15 March 2021

Payne Hicks Beach continues to work closely with Coram's Fields Charity which it has supported for many years. The firm is delighted to have successfully recruited one of Coram's Field's Mentees this year, Christianah Babajide, who was on the 2015 Law Mentorship scheme. Christianah works as Paralegal in the Family department alongside her own previous Mentor Emily Foy. We are very proud to continue with this partnership, especially during these unprecedented times where young people battle worsening mental, physical health and uncertain futures and will continue to support Coram's Fields with the joint aim to safeguard young people through this crisis with the hope to have more success stories to share in the near future.

You can read about the partnership and the life-changing work Payne Hicks Beach and Coram's Fields have been doing to support local young people through the pandemic and also Christianah's story here.
