

### **Wear It Pink 2020**

05 November 2020

On Friday 23 October 2020 Payne Hicks Beach supported the Breast Cancer "Wear It Pink" Campaign. Payne Hicks Beach staff dressed in pink to show their support together with thousands of amazing people in their communities, schools and work places who came together to support the UK's largest breast cancer charity.

Due to covid-19 restrictions, staff weren't able to witness one another's pink creations in person so they sent in photos of themselves in their best pink attire. A prize was awarded to the best dressed and we had joint winners – Caroline Ward and Christine Webb who were truly visions in pink!

Thank you to all staff who supported this charity event as you helped raise significant funds for Breast Cancer Now.
