

### **An evening with some Olympic sailors**

16 October 2012

On 3 October Payne Hicks Beach was delighted to entertain over 300 guests in Great Hall, Lincoln's Inn for a presentation by seven of the British Olympic Sailing Team, five of whom won Silver last August. The sailors each gave a fascinating explanation as to their efforts to win Gold and were introduced by our own former Olympic sailing squad member, Richard Butcher, who gave an interesting insight by way of a contrast between how life used to be for an aspiring Olympic athlete compared to more modern times. There is no doubt that proper funding breeds success.
