

Ellen MacArthur Cancer Trust

19 June 2012

The firm is a long standing supporter of this charity of which Richard Butcher is a Trustee. The firm invited several locally based guests to a fund raising event in Cowes on Saturday 16 June 2012 who were very generous in their support. A husband and wife even bid against each other for a particular auction prize! The event raised over £13,000 which will enable the charity to take a further 20 children suffering from cancer on sailing trips. Many thanks to our guests for their contribution to a very successful evening.
