

Statement in relation to Dr Julian Critchlow

29 April 2016

We can confirm that Dr Julian Critchlow, Head of Construction and Energy at Payne Hicks Beach, will be leaving the firm on 31 May 2016 to develop his Middle Eastern and African practice from a new platform while maintaining and expanding his domestic capacity. We have enjoyed working with Julian and wish him well in his new endeavours.

Payne Hicks Beach will continue to advise on construction related matters, as we did before Julian joined us.
