

Bart's Bash

19 February 2014

On 21 September 2014 the Andrew Simpson Sailing Foundation (the charity established in memory of the double Olympic medallist, Andrew Simpson) will be holding Barts Bash, an event whereby sailing clubs throughout the world will run a race in order to raise funds for the charity. It is hoped that it will set a new world record for a mass participation sailing event and, indeed, approximately 400 sailing clubs have already registered their interest. Richard Butcher is Chairman of the Trustees of the charity and PHB provides pro bono legal advice. The other Trustees include the multiple Olympic medallists, Sir Ben Ainslie CBE and Iain Percy OBE. The charity was formed to advance education through sailing. For more information on Bart's Bash , please email: jez@thebartproject.com
